Owner/Operator	+ \$5.00/M

OSHA Data Information Services (ODIS) is a premier compiler of consumer and business information that specializes in sourcing public records from federal, state, county, municipal and international governments. Its experience with the Freedom of Information Act (FOIA) and equivalent state and international open public records laws, along with long standing relationships with government agencies, offers efficiencies unavailable to those seeking to obtain government sourced data independently.

This comprehensive list of hard-working, family-oriented, farmers experiences a rich and rewarding life in rural America. Since these families are in the business of agriculture, they participate in a host of financial and producer programs administered by the Farm Service Agency.

They are high income, high producers who purchase farm equipment, pesticides, safety equipment, fleet transportation services, as well as computer supplies, outdoor and sportsmen's equipment, apparel and gifts, for their home, business, and families. These farmers also have a strong interest in investment and financial services, rural real estate development, government policies, environmental and economic issues, homeland security and agro-terrorism planning, and business succession planning. Target your offer to this dedicated, hardworking group residing in the heartland.
