OSHA Data Information Services (ODIS) is a premier compiler of consumer and business information that specializes in sourcing public records from federal, state, county, municipal and international governments. Its experience with the Freedom of Information Act (FOIA) and equivalent state and international open public records laws, along with long standing relationships with government agencies, offers efficiencies unavailable to those seeking to obtain government sourced data independently.

This file provides basic business information for contractors that do business with the U.S. government. Any company that wants to do business with the Federal government must register with the CCR before bidding on the job. The government will not award any contract to any business or sole-proprietor that is not registered.
